

New Hope Christian Church

Disciples Making Disciples

Our family has been attending New Hope Christian Church since January 2005, and I have served as an elder since 2011. My wife Cheryl and I met at Purdue University and were married in 1989. We have four children – Kelly, Kyle, Kendall, and Kara – that have kept us very busy over the years; most recently in their high school and college endeavors. We have lived in Zionsville since 2004 and prior to that we lived in Springfield, Illinois, where we were active at West Side Christian Church.

I work for Crawford, Murphy & Tilly, Inc., a civil engineering firm based in Springfield, Illinois. I am a structural engineer and work on a variety of building and bridge projects. I currently serve as the Indianapolis office manager and am a Senior Vice President in the firm serving as Secretary on the Board of Directors. Cheryl is employed by the Zionsville Community Schools and serves as the Accounts Payable Manager.

In our spare time, we enjoy working in the yard and traveling with our family to fun destinations like Disney World, Florida, baseball games in Chicago, and football and basketball games at Purdue. I also enjoy working with wood, playing with model trains, and have built household items from dog houses to grandfather clocks.
