

New Hope Christian Church

Disciples Making Disciples

My wife Cheryl and I have been married for over 30 years and have been attending New Hope since 2005; I have previously served as a deacon for many years and elder since 2011. We have four children, Kelly, Kyle, Kendall and Kara. Kelly is an Audiologist and works with children in Kansas City, Kyle is completing his training as a Physical Therapist and will be graduating in May 2020, Kendall is in graduate school at Indiana University and plans on being a school counselor, and Kara is completing her training at Purdue University as a nurse. Prior to moving to Zionsville in 2004, we lived in Springfield, Illinois, where we attended and served at West Side Christian Church.

I work for Crawford, Murphy & Tilly, Inc., a civil engineering firm based in Springfield. My background is in structural engineering where I've worked on a variety of building and bridge projects over my career. I currently serve as CMT's President and am involved in directing the daily operations of the firm. Cheryl is employed by the Hussey-Mayfield Library in Zionsville and New Hope, assisting with finances; both in part-time roles.

In our spare time, we enjoy working in the yard and traveling with our family to various fun destinations; i.e. Disney, ball games, etc. I also enjoy working with wood and have built projects ranging from dog houses to grandfather clocks. I also like playing with my model trains, although I don't get to do that as much as I'd like.
