

## Self Check-in

1. If you haven't already, download the Church by MinistryOne app and search for New Hope Christian Church, Whitestown. (Visit <https://elexio.ministryone.com/landing/ReQ> for download links)
2. Click the menu icon in the top left-hand corner to login and view more options (see image below). Use the same email and cell phone number on file with New Hope to connect to our database.
3. When you arrive at church, click on "Check-in" (see image below). Note: the check-in feature will only work when you are on the church property.
4. Choose a Check-in Station, select the children you would like to check in, select their classes, and tap "Next." This will generate a QR code.
5. Scan the QR code at the check-in station, and your labels will print.

\*\*If you have never before registered your child(ren) for Kid's Central, please email [catherine@newhopecc.net](mailto:catherine@newhopecc.net) prior to your arrival so we can add them to our system. We hope to see you on Sunday!
